LIZ DEBIASE - Singer/Songwriter - "Liz DeBiase is a talented singer-songwriter whose music is both spirited and complex. Propelled by her mesmerizing piano riffs, DeBiase's sweet, lilting voice carries these songs to a higher plane. Sensual, sweet, dark, haunting, melancholy, take your pick DeBiase covers all of the bases on Loop and more. If your looking for one of Boston's finest up and coming songstresses, look no further, Liz DeBiase has arrived."

THE SPLENDID NOBODIES CD "Coming Back Around" has the best American roots music has to offer: old time rock and roll, hootenanny country, rockabilly, traveling blues riffs, and a touch of funk, expertly bundled into a riotous package...They're obviously having fun. And, the fun is contagious. If this album doesn't at least get your foot tapping, then you better check your pulse. Even the staunch country haters and folk avoiders are bound to find something infectious about the Splendid Nobodies' attention grabbing style.
